The Marpinger Flight Safety Days (MFSD) is a biannual seminar organized by Aero-Club Saar e.V. in cooperation with Airports Rhein-Main-Saar. The MFSD offer to all pilots, friends and sponsors of airports and general aviation the possibility to get more and new information about the actual safety situation in the air and on airfields. Presentations of experts from different types of airports, military flight and airbase specialists and experts from commercial airlines will enable an exchange of experience in a sense of a common optimisation of flight safety in our area.
